

ISAAC WAI LIAM LUN

ABOUT

Passionate about leveraging data science and advanced machine learning techniques in the evolving landscape of the industries. With a strong foundation in Machine Learning and Data analysis and a keen interest in autonomous intelligent systems, I am adept at transforming complex datasets into meaningful narratives, optimizing decision-making processes, and enhancing perform efficiency. My expertise includes predictive analytics, electronic health record (EHR), modelling HCI, and data outcome forecasting, contributing to enhanced operational efficiency and innovation.

EDUCATION

Bachelor of Science in Computer Science

Minor in Mathematics & Religion

Current overall gpa 3.43, predict overall gpa in graduate > 3.5/4.0

Andrews University (AU)

2022-2027

Recipient of Andrews Partner Scholarship & NASYAA Schlorship
